MIDNIGHT SUN FAM TRIP ROVANIEMI LAPLAND 17.-20.6.2024

About Rovaniemi

WHITE NIGHTS AND MIDNIGHT SUN

In Rovaniemi, nights are white throughout the summer from late May until early August. This means there's 24 hours a day for activities like jet skiing, horseback riding, floating, hiking, river cruises, visiting husky and reindeer farms and a whole lot more – pretty much anything you can do during the day, you can do in the night. Sleep? Do it later!

The Midnight Sun is a natural phenomenon that takes place on and above the Arctic Circle in the summer months. On the Arctic Circle, where Rovaniemi lies, the sun officially stays above the horizon for a full 24 hours on summer solstice, 21st or 22nd June. However, the Midnight Sun period in Rovaniemi lasts for a month, from 6th June to 7th July; this is due to the Earth's slightly tilted axis and refraction of sunlight.

AUTUMNAL NORTHERN LIGHT SEASON

The Northern Lights are visible on around 200 nights a year in Finnish Lapland. In Rovaniemi, the spellbinding astral show can be witnessed in and around the city from late August until early April. In Rovaniemi, you don't have to walk far from the city centre to find a good spot, and really strong Auroras can be seen even with interference from artificial light.

MOST PHOTOGENIC SPOTS IN CITY CENTRE

Lumberjack's Candle Bridge, Lordi Square's thermometer, river shore by Arktikum, Church of Rovaniemi (inside & outside) and Alvar Aalto Center – administrative center of Rovaniemi.

In the noon we head to one of the best husky kennels in Finland to learn about the huskies' life in summer time. Alaskan huskies that live in <u>Bearhill Husky kennel</u> come with amazing abilities. We will join a guided tour in this modern husky kennel and get to know the life of a husky. The huskies love attention and you'll get a chance to interact with them as we go for a walk in a private forest and shoreline. @bearhillhusky

We will drive to (app. 17.30) to <u>Bear's Den</u> for traditional sauna experience in the spirit of Finnish summer festivity. At Bear's Den the untamed wilderness is all around us, and this legendary log cabin offers it's tender care just for us! *@laplandsafaris*

Sauna bathing is part of the Finnish identity just as essentially as rye bread is part of the customary diet. Sauna bathing does not only clean the body but also purifies the mind. The basic sauna ritual is the same as it always was: warming up, sweating, taking löyly vapour and whisking, washing and cooling off.

Lappish tasty dinner will be served after sauna, and as there is no night only light, we can enjoy the peacefulness and empowering effect of the surrounding nature all night long. *@lapland_hotels*
